the matter, which is perhaps not necessary.

Ch 8 Rural Reconstruction grant is
4/9. an outright grant intended for the general development of the V.P. Scheme. If sanction is accorded to utilise possible savings from contingencies for improvement works there will be uncertainty to Savenders contingency & improvement works and so on more rapidly no doubt from an account point of view the procedure seems objectionable. If outright grants under Rural Reconstruction is considered as being liable to lapse ~~if~~ it would no doubt afford some facility in balancing the accounts sanction may perhaps be accorded subject to the understanding that no application is made for additional sums under contingencies

appropriation of the anticipated savings should vest in him.

Submitted with reference to para 21 of the notes.

The Rev Commissioner is agreeable to utilise the savings under 'Contingencies' for 'improvement works' but is of opinion that the power to sanction the reappropriation of the anticipated savings should vest in him as whether any savings are likely to occur under the head can be gauged by him only with reference to the requirements of all the districts.

It is not perhaps necessary that the Rev Commissioner should have the power to sanction the reappropriation for the following reason:

The Rev Comm. distributes the State grant under for Rural Reconstruction in the ~~Be~~ beginning Commencement of each & year among all the Districts for Contingencies and 'Improvement works.' After this distribution is over, each Deputy Commissioner according to his Convenience may save some thing in the grant

Secretary to the Government of Mysore
General Departments, Bangalore.

Sir,

With reference to the distribution of the Budget Grant of R$16,580/- for contingencies under Rural Reconstruction during 1927-28, I have the honor to state that the amounts allotted to the marginally noted districts have been diverted by the Deputy Commissioners for purposes other than those of a contingent nature.

1. Hassan District. For the contribution of a Tunnel across the Ankanahally Gowdihalla on Settihalli Gorur Cart track and a sum of R$1,9[illegible]-0 paid to the District Board on account of the work.

2. Kolar District. For six well works at a cost of R$2,199/- and for two Road Works costing R$234/- and a Village Hall costing R$67/-

In the Bangalore and Shimoga Districts the amounts have been distributed to the several taluqs and the amounts allotted to the several taluqs have been drawn by the Amildars and kept by them, apparently, with a view to distribute the amounts among the several panchayats later on.

The above amounts have been drawn from the treasuries, with a view to avoid a lapse of the Government Grant, though no expenditure on account of contingencies appears to have been incurred by them.

These irregularities have been duly brought to the notice of the Deputy Commissioners concerned and they have been asked to get the transactions duly regularised by obtaining Government sanction

SUBJECT:— Diversion of grant for contingencies to improvement works. Rural reconstruction.

Sir,

Adverting to letter No. 216 W.A.D. Mis. dated 16th instant from the Comptroller bringing to your notice that the grants made for contingencies under Rural Reconstruction, during 1927-28 were diverted by some of the Deputy Commissioners to other purposes etc, I have the honour to state that it is desirable to save as much as possible from contingencies and use it for works of improvements.

I therefore request you to accord general sanction for using the grant under "Contingencies" for "Improvement Works" which will, on no account be diverted to 'Contingencies.'

GEN. & REV. SECTT.

SECRETARIAT 28 NOV. 1928

L1016. L2404

Dear Sir,

Referring to your office D. O. letter No. L.3186/V.P. 26-28-7 dated 26th October 1928 calling for my views on the proposal of the Deputy Commissioner, Mysore District, in the matter of appropriating the grant under 30 - 5 "Contingencies" for "Improvement works" under Rural Reconstruction, I write to state that I am agreeable to utilise the savings under "Contingencies" for "Improvement works". But at the same time, I have to point out that the Deputy Commissioner is not the proper authority to order reappropriation since the grants are distributed by me amongst the several Districts in accordance with Government Order No. L.835-53/V.P. 26-28-3 dated 26th July 1928 and whether any savings are likely to occur under the head can be guaged by me only with reference to the requirements of all the Districts. I therefore am of opinion that the power to sanction the appropriation of the anticipated savings under "Contingencies" to "Rural Reconstruction works" should vest in me.

Yours sincerely,

To
